Broadcast operations professional with experience in centralized master control, public television and live news production. Brings hands-on media quality control, playlist and asset management, live-feed monitoring and deadline-driven editing experience.

BROADCAST EXPERIENCE

Master Control Operator | Sinclair Broadcast Group

Jun 2026 - Present / Hunt Valley, MD

- Operate automated master-control playlists for multiple television stations, monitoring programming, commercials, promotions and live feeds.
- Check video, audio, closed captions and timing; investigate missing or incorrect media and escalate time-sensitive issues.
- Prepare live sports, news and network programming by verifying sources, recordings and break timing; document discrepancies.
- Manage media retrieval, segmentation, metadata and playlist placement in Amagi Cloudport and Sony Ci.

Programming Operations Assistant | Blue Ridge PBS

Nov 2022 - Jan 2023 / Roanoke, VA

- Supported programming schedules, captioning, media asset management and technical quality control.
- Edited fundraising and pledge-drive content and prepared media for broadcast delivery.

Production Assistant | WFXR News

Oct 2021 - Jun 2022 / Roanoke, VA

- Supported daily live newscasts through studio camera operation, lighting, live audio and control-room production.
- Edited news content and supported graphics insertion and rundown execution under broadcast deadlines.

ADDITIONAL MEDIA EXPERIENCE

Video Editor / Media Producer | Independent clients

Jan 2023 - Present / Remote

- Edit short- and long-form digital video; manage ingest, graphics, color correction, audio cleanup, encoding and delivery.
